Quorum and Election

IVS Associates has been selected to tabulate the votes and to act as Inspector of Elections.

Quorum. Our bylaws provide that the presence, in person or by Proxy, of the holders of not less than a majority of the shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum to conduct business at an Annual Meeting. Since attendance at the Annual Meeting is usually low, a quorum can only be achieved by Stockholder participation by Proxy. Please complete your Proxy and return it promptly.

Election. Delaware law and our bylaws provide the following:

- Election of Directors. Directors shall be elected by a plurality of shares present in person or by Proxy at the Annual Meeting and entitled to vote on the election of directors. A director wins by “plurality” when he or she receives more votes than the number of votes cast for any other nominee.
- Matters other than the Election of Directors. In all matters to be presented at the Annual Meeting other than the election of directors, the affirmative vote of a majority of shares present in person or by Proxy at the Annual Meeting and entitled to vote on the subject matter will be the act of the Stockholders.

Tabulation of Your Proxy

The Inspector of Elections will tabulate your Proxy as follows:

- All shares represented by a properly executed Proxy will be voted at the Annual Meeting in accordance with your instructions, unless you have taken steps to revoke or withdraw your Proxy.
- Shares that are voted WITHHOLD or ABSTAIN will be counted as “present” for quorum purposes, but will have the same effect as voting against a proposal.
- “Broker non-votes” are Proxies for shares held in record name by brokers or nominees, for which (i) instructions have not been received from the beneficial owner or person entitled to vote and (ii) the broker or nominee does not have discretionary voting power under applicable national securities exchange rules or the instrument under which it serves in such capacity. Broker non-votes are counted as “present” for quorum purposes, but they are treated as not entitled to vote on the matter. Therefore, broker non-votes are not counted for purposes of determining whether Proposals No. 1, 2 and 3 have been approved.

- Under the rules of the New York Stock Exchange (“NYSE”), on certain routine matters, brokers may, in their discretion, vote the shares they hold in “street name” on behalf of the beneficial owners who have not returned voting instructions to the brokers. Routine matters include the election of directors (Proposal No. 1) and the ratification of the independent registered public accounting firm (Proposal No. 3).
- If you sign and date your Proxy but do not provide instructions, your shares will be voted FOR ALL the Board of Directors nominees for Class III Director (Proposal No. 1), FOR an increase in the number of shares authorized for issuance under the CIBER, Inc. Employee Stock Purchase Plan by 2,500,000 shares (Proposal No. 2) and FOR the ratification of Ernst & Young LLP as our Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2009 (Proposal No. 3).
- In addition to executing your voting instructions, the persons named in the Proxy will have discretionary authority to vote all Proxies with respect to additional matters that may be properly presented for action at the Annual Meeting. We are not aware of any other business to be presented at the Annual Meeting.

**You May Revoke or
Change Your Proxy**

At any time prior to final tabulation of the votes on May 4, 2009, you may change your vote or revoke your Proxy by following one of the procedures set forth below:

- Deliver a letter, signed and in writing, to our Secretary stating your desire to revoke your Proxy. The letter must be dated later than the date stated on the Proxy you wish to revoke. Address the letter to CIBER, Inc., Corporate Secretary, 6363 South Fiddler’s Green Circle, Suite 1400, Greenwood Village, Colorado 80111.
- Deliver a Proxy bearing a date later than the Proxy you wish to revoke to Broadridge Financial Solutions, Inc., (“Broadridge”) 51 Mercedes Way, Edgewood, NY 11717. You may use any available voting method to deliver your new Proxy, but the new Proxy must be received by Broadridge before the deadline for mail, telephone or Internet voting.
- Attend the Annual Meeting via the Internet and submit your vote prior to the close of the polls. Follow the instructions for voting online during the Annual Meeting, which appear earlier in this section of this Proxy Statement. Please note, attending the electronic Annual Meeting will not, absent specific instructions from you, revoke or alter your Proxy.

**Proxies of Executive
Officers and Directors**

As a group, our executive officers and directors own or may be deemed to control approximately 13.59% of the outstanding shares of our Common Stock. Each of the executive officers and directors has indicated his intent to vote all shares of Common Stock owned or controlled by him FOR the candidates nominated by the Board to fill the Class III Director positions described in this Proxy Statement, FOR an increase in the number of shares authorized for issuance under the CIBER, Inc. Employee Stock Purchase Plan by 2,500,000 shares and FOR the ratification of the appointment of Ernst & Young LLP as our Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2009. Please refer to the table entitled Security Ownership of Certain Beneficial Owners and Management located on page 21 for additional information.

**Persons Making This
Proxy Solicitation**

The proposals described in this Proxy Statement were unanimously approved and authorized for Stockholders' consideration by our Board of Directors. To date, no director has retracted his support for any proposal appearing on the agenda or notified us of his intention to oppose the same. Solicitation of Proxies for use at the Annual Meeting may be made by regular mail, by email or in person by our directors, officers and regular employees. These individuals will receive no additional compensation for any solicitation activities. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward to those beneficial owners. We may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to beneficial owners. In addition, we may retain Morrow & Co., a proxy solicitation company, to assist with this solicitation for a fee of approximately \$7,500 plus reasonable out-of-pocket expenses. We will bear the entire cost of solicitation of Proxies, including the preparation, assembly, printing and mailing of this Proxy Statement, the Proxy and any additional information furnished to Stockholders.

DEADLINE FOR STOCKHOLDER PROPOSALS FOR THE 2010 ANNUAL MEETING

Stockholders may submit proposals on matters appropriate for Stockholder action at our annual Stockholder meetings. To have your proposal included in our Proxy Statement and form of Proxy and to properly bring your proposal before an Annual Meeting: (1) you must be eligible to make the proposal; (2) your proposal must be appropriate for Stockholder action at an Annual Meeting and (3) your proposal must be presented in writing and received by our Secretary at our principal executive offices not less than 90 calendar days nor earlier than the close of business on the 120th calendar day prior to May 4, 2010. *Proposals submitted before January 4, 2010 and after February 3, 2010, will be considered untimely and will not be eligible for inclusion in the Proxy Statement and on the form of Proxy for the 2010 Annual Meeting, and will not be considered at the meeting.* To be included in our Proxy Statement, all proposals must conform to the procedures established by the Securities and Exchange Commission ("Commission") in Section 14a-8 of the Securities Act of 1934, as amended (the "Exchange Act"). Stockholder notices regarding proposals must be received no later than the deadline set forth above and contain the specific information required by our bylaws. Stockholders will be furnished a copy of our bylaws, without charge, upon written request to the

Corporate Secretary. Please address Stockholder proposals to Corporate Secretary, CIBER, Inc., 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, Colorado 80111.

PROPOSAL No. 1—ELECTION OF DIRECTORS

Background

Each year at our Annual Meeting of Stockholders, directors constituting approximately one-third of the Board are elected for a three-year term or until a successor is duly elected and qualified. The terms of current Class III Directors, Mr. Paul A. Jacobs, Mr. George A. Sissel and Mr. Archibald J. McGill, will expire at this 2009 Annual Meeting. The terms of the Class I Directors, Mr. Bobby G. Stevenson, Mr. Peter H. Cheesbrough and Mr. James C. Spira, will expire in 2010. The terms of the Class II Directors, Mr. Mac J. Slingerlend, Mr. Steven S. Kurtz and Dr. James C. Wetherbe, will expire in 2011.

Pursuant to our bylaws, vacancies on the Board may be filled by the affirmative vote of a majority of the remaining directors then in office. A director elected to fill a vacancy, including a vacancy created by an increase in the size of the Board, serves for the remainder of the full term of the new directorship or of the class of directors in which the vacancy occurred. If the number of directors has changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible, but in no case will a decrease in the number of directors shorten the term of any incumbent director.

Description of Proposal No. 1

Proposal No. 1 asks you to elect two individuals to serve as Class III Directors for the ensuing three-year term to expire in 2012, or until a successor is elected and qualified. Mr. Sissel, also a Class III Director, has chosen to retire from the Board and is not standing for re-election at this Annual Meeting.

The Nominating/Corporate Governance Committee, with the approval of the non-incumbent members of the Board, has nominated for re-election Mr. Paul A. Jacobs and Mr. Archibald J. McGill (the "Director Nominees").

We have received no Stockholder proposal or nomination of any other person to stand for election as Class III Director, timely or otherwise.

TEXT OF PROPOSAL NO. 1—ELECTION OF DIRECTORS

The text of Proposal No. 1, as you will see it printed on your Proxy, is "To elect the following nominees for Class III Director: Paul A. Jacobs and Archibald J. McGill."

Shares represented by Proxies that are not marked to "WITHHOLD ALL" authority to vote for the Director Nominees, or "FOR ALL EXCEPT" a specified individual that you must name, will be voted FOR the election of the Director Nominees. Should the Director Nominees become unavailable or unwilling to serve as directors, persons named in the Proxy intend to cast votes for which they hold Proxies in favor of the election of such other person as the Board may designate. The Board knows of no reason why Mr. Jacobs or Mr. McGill would be unable or unwilling to serve on the Board.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR ALL" THE NOMINEES

depend on whether or not the transaction is fair and beneficial to us. Our related party transaction policy is in addition to the conflict of interest policy found in our Code of Business Conduct and Ethics. The Audit Committee was not presented with any proposed related party transactions during 2008. In connection with our February 20, 2009 offering of 8,000,000 shares of the Company's Common Stock, our Chairman, Bobby Stevenson, proposed to purchase 200,000 shares in the offering. The Audit Committee discussed and evaluated the proposed purchase and determined that the terms and conditions of the purchase were fair to the Company and its stockholders and that the purchase was in our best interest. Accordingly, the Audit Committee approved Mr. Stevenson's purchase, provided that the purchase was at the price and on the same terms and conditions at which the underwriters sold the common stock to other purchasers in the offering.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that our directors, executive officers and persons who beneficially own greater than 10% of a registered class of our equity securities file initial reports of ownership and changes in ownership of such securities with us and the Commission. Based solely upon our review of copies of the Section 16(a) reports we have received and written representations from reporting persons, we believe that during the year ended December 31, 2008, all of our directors, executive officers and greater than 10% beneficial owners were in compliance with their filing requirements except that one grant of stock options to Mr. Archibald McGill dated September 15, 2008 was not reported on a timely-filed Form 4 but was subsequently reported on a Form 4 filed September 24, 2008. In addition, both Mr. Tony Hadzi and Mr. Joseph Mancuso, due to administrative oversight, incorrectly reported beneficial ownership on Form 3s that were timely filed on January 10, 2008. Those errors were subsequently corrected on Form 5s filed on February 4, 2009.

CORPORATE GOVERNANCE PRACTICES

The Board met four times in 2008 in regularly scheduled quarterly meetings. Each director, including incumbents, participated either in person or by telephone conference in at least 75% of all the 2008 board meetings and committee meetings (of which such director was a member). Each director attended the Annual Meeting of Stockholders last year. Each director is expected to attend the Annual Meeting this year. We have a regularly scheduled Board meeting on the same day as the Annual Meeting of Stockholders each year, and all directors generally attend both meetings.

Corporate Governance

We have had informal governance standards in place since our inception in 1974 that have evolved to accommodate our growth over the years and changing governance practices. Our Board has adopted formal Corporate Governance Principles (the "Principles") to address matters of corporate governance including, but not limited to, Board composition and leadership, Board member qualifications, compensation, tenure and succession, Board organization, term and age limits, service on additional public company boards and audit committees and committee operation and responsibilities. Board members are also subject to the requirements of CIBER's Code of Business Conduct and Ethics (the "Code") which includes, among other things, a conflict of interest policy. In addition, in November 2006, the Board adopted a policy with respect to Related Party Transactions, as discussed in more detail above. The Principles, Code and Related Party Transaction Policy can be found on our website at www.ciber.com under "Investor Relations," or you may request a copy by writing to us at CIBER, Inc., 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, Colorado 80111, Attention: Investor Relations.

Executive Sessions

Our non-management directors meet regularly in executive session without management. The executive sessions are chaired by the chairman of the Nominating/Corporate Governance Committee. The executive sessions are held in conjunction with each regularly scheduled Board meeting.

Communicating with the Board of Directors

Any Stockholder or other interested party who wishes to contact our Board of Directors or any individual director may do so by following the procedures set forth on our website at *www.ciber.com* under “Investor Relations, Corporate Governance, Communications with the Board.”

Independence

At least a majority of the members of the Board and all members of the Board’s Compensation, Audit and Nominating/Corporate Governance Committees must be independent for purposes of Section 303A of the Listed Company Manual of the NYSE. The Board has determined that directors Mr. Bobby Stevenson, Mr. Paul Jacobs, Mr. James Spira, Mr. Archibald McGill, Dr. James Wetherbe and Mr. Stephen Kurtz are “independent” pursuant to the standards identified on our website at *www.ciber.com* under “Investors Relations, Corporate Governance.”

Applying the NYSE standards listed in Section 303A, the Board has further determined that, with respect to their Committee assignments for 2009, Mr. Kurtz, Mr. Jacobs, and Mr. McGill have the requisite independence to serve as members of our Audit Committee under both the Exchange Act and NYSE requirements, that Mr. Spira, Mr. McGill and Dr. Wetherbe have the requisite independence to serve as members of our Compensation Committee and that Mr. Jacobs, Mr. Spira and Dr. Wetherbe have the requisite independence to serve as members of our Nominating/Corporate Governance Committee. Mr. Stevenson is not a member of any of the committees.

Code of Business Conduct and Ethics

Our Code of Conduct is applied consistently to all employees and has been a prominent part of the Employee Handbook for several years. The Board of Directors has adopted a Code of Conduct and Business Ethics (the “Code”) that applies to all employees but that has specific requirements for executive and senior financial officers with respect to the ethical standards and obligations relevant to accounting and financial reporting. The Code contains procedures for reporting suspected violations of the Code and references the Audit Committee procedure for the reporting of questionable accounting or auditing matters or other concerns about accounting and auditing matters. A copy of the Code, as well as the Audit Committee Procedures for reporting concerns about accounting or auditing matters, can be found on our website at *http://www.ciber.com* under “Investor Relations,” or you may request a copy by writing to us at CIBER, Inc., 6363 South Fiddler’s Green Circle, Suite 1400, Greenwood Village, Colorado 80111, Attention: Investor Relations. If a waiver from the Code is granted to an executive officer or director, the nature of the waiver will be disclosed on our website, in a press release or in a current report on Form 8-K.

The Board has three standing committees: Compensation, Nominating/Corporate Governance and Audit. Membership in those committees for 2008 is set forth below.

NOMINATING/ CORPORATE GOVERNANCE COMMITTEE

The principal responsibilities of the Nominating/Corporate Governance Committee are to identify and nominate qualified individuals to serve as members of the Board, or to nominate candidates to fill such other positions as may be deemed necessary and advisable by the Board. In addition, the Nominating/Corporate Governance Committee is responsible for establishing our Corporate Governance Guidelines and our Code of Business Conduct and Ethics, as well as evaluating the Board and its processes. The members of the 2008 Nominating/Corporate Governance Committee were Mr. Sissel (Chairman), Mr. Jacobs and Dr. Wetherbe. The Nominating/Corporate Governance Committee met once in 2008.

NOMINATING/ CORPORATE GOVERNANCE COMMITTEE CHARTER

The Nominating/Corporate Governance Committee's Charter can be found at www.ciber.com/cbr under "Corporate Governance" or is available in print, free of charge, upon request to us. The Board believes that our directors must bring the skill mix and experience necessary to perform the Board of Directors' oversight function effectively. Identification of prospective Board members is done by a combination of methods, including studying other boards, word-of-mouth in industry circles, inquiries of outside professionals and recommendations made to us. When considering candidates for director, the Nominating/Corporate Governance Committee takes into account a number of factors including, but not limited to, the following:

- Experience with acquisitions
- Experience in marketing and sales
- Knowledge of our industry
- Experience with finance, accounting, internal audit and other financial matters
- Respect for the fiduciary responsibilities of directors to Stockholders
- Leadership skills
- Demonstration of sound business judgment
- Global perspective

- Interpersonal effectiveness
- Personal integrity
- The number of other boards and committees on which a candidate serves

When the Nominating/Corporate Governance Committee is recruiting Board members to serve on a designated committee, the Committee also takes into account skills and experience specific to that committee. For example, Audit Committee members must be financial experts and/or financially literate.

The Nominating/Corporate Governance Committee will consider nominees recommended by the Stockholders applying the criteria described above and in accordance with the process outlined below. Please also refer to the section entitled “Stockholder Proposals for our 2010 Annual Meeting” located on page 5 for information related to Stockholder nominations.

 - (C) a complete and accurate description of any agreement, arrangement or understanding between or among such stockholder and such beneficial owner, any of their respective affiliates or associates, and any other person or persons in connection with such nomination or proposal and the name and address of any other person or persons known to the stockholder or such beneficial owner to support such nomination or proposal,

 - (I) any other information relating to such person that would be required to be disclosed or other filings

required to be made in connection with a solicitation of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to and in accordance with Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder, (J) a representation that the stockholder will update the information set forth in clauses (A) through (E) above as of the record date for the meeting by delivery of written notice to the Corporation promptly following the later of the record date or public announcement of the record date;

Notwithstanding anything in the Bylaws to the contrary:

- (i) No person shall be eligible for election by the stockholders as a director of the Corporation unless nominated in accordance with the procedures set forth in the Bylaws. The presiding officer at a meeting may, if the facts warrant, determine and declare to the meeting that the nomination was defective and not properly brought before the meeting in accordance with the provisions of the Bylaws, and if he should so determine, he shall declare to the meeting that such defective nomination shall be disregarded.
- (ii) In the event that the number of directors to be elected to the board of directors of the Corporation at an annual meeting is increased and there is no public announcement by the Corporation naming all of the nominees for director or specifying the size of the increased board of directors at least one hundred (100) days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by the Bylaws shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary of the Corporation at the principal executive offices of the Corporation not later than the close of business on the tenth (10th) day following the day on which such public announcement is first made by the Corporation.

AUDIT COMMITTEE

The principal responsibilities of the Audit Committee are: (1) engaging and overseeing the work of the independent auditor including the execution of the engagement letter and review of the audit plan; (2) reviewing the independence, internal quality control procedures and performance of the auditors and the qualifications of the key audit partner and audit managers; (3) overseeing the documentation, evaluation and testing of our system of internal controls; (4) establishing our policy on provision of non-audit services; (5) pre-approving all audit and permitted non-audit services provided to us; (6) establishing the Committee's procedure for receiving and reviewing complaints regarding accounting, internal controls and auditing matters; (7) discussing policies and guidelines with respect to financial risk exposure and management; (8) receiving reports from the auditor and reviewing with the auditor critical accounting policies and practices, alternative treatments of financial information that have been discussed with management and the effectiveness of internal controls and any material written communications between the auditor and our management; (9) reviewing Management's Discussion and Analysis and our annual audited financial statements and periodic reports that include financial statements prior to

filing or distribution; (10) discussing, generally, all financial press releases, other financial information and earnings guidance provided to analysts and rating agencies; (11) reporting to the Board with respect thereto; (12) reviewing and approving any related party transactions pursuant to our Related Party Transaction Policy and (13) determining and approving the compensation of the independent auditor. Audit Committee Charter

The Audit Committee Charter is available for review on our website at www.ciber.com/cbr under “Corporate Governance” or is available in print, free of charge, upon request to us.

**“Audit Committee
Financial Expert” and
Financial Literacy**

The Board has determined that, although other members of the Audit Committee may also qualify, Mr. Stephen Kurtz qualifies as an “audit committee financial expert” pursuant to Item 407(d) of Regulation S-K. The Board has also determined that each of the members of the Audit Committee is financially literate consistent with the requirements of the NYSE.

**Report of the Audit
Committee***

The Audit Committee of the Board assists the Board in fulfilling its responsibilities for financial reporting compliance by reviewing the audited financial statements, reviewing the system of internal controls that management and the Board of Directors have established and reviewing the overall audit process. The Audit Committee, in its capacity as a Committee of the Board, is directly responsible for the appointment, compensation and oversight of the independent registered public accounting firm, and has:

- reviewed and discussed the 2008 audited financial statements separately and jointly with management and with Ernst & Young LLP (“E&Y”), our independent registered public accounting firm;
- provided oversight and advice to management with respect to the documentation, testing and evaluation of our system of internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations, received periodic updates provided by management and E&Y and reviewed a report on the effectiveness of our internal control over financial reporting;
- discussed with E&Y the matters required by the Statement on Auditing Standards No. 61, “Codification of Statements on Auditing Standards,” AU§380, as modified or supplemented by the Auditing Standards Board of the American Institute of Certified Public Accountants or the Public Company Accounting Oversight Board (PCAOB);
- received the written disclosures and the letter from E&Y required by applicable requirements of the PCAOB for independent auditor communications with the Audit Committee, as the same may be modified or supplemented, and has discussed with E&Y its independence; and

- considered whether the auditor’s provision of non-audit services is compatible with independence and concluded that the services rendered by E&Y are compatible with maintaining the principal accountant’s independence because no fees were billed for services other than audit, audit-related or tax services.

Based upon this review and the discussions referred to above, the Audit Committee has recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2008, and that this report be included in the Proxy Statement on Schedule 14A for the 2009 Annual Meeting of Stockholders.

**COMPENSATION
 COMMITTEE**

The principal responsibilities of the Compensation Committee are: (1) to define our philosophy, policies and procedures regarding executive compensation; (2) to administer and approve awards under our 2004 Incentive Plan (a stock-based plan) and to administer the Employee Stock Purchase Plan; (3) to review the performance of the Chief Executive Officer, Chief Financial Officer and the other Named Executive Officers (collectively, “NEOs”); (4) to recommend annual salary, cash bonuses and equity awards for the NEOs to our Board for approval; (5) to make recommendations regarding non-employee director compensation and (6) to review the Compensation Discussion and Analysis and recommend its inclusion in the Annual Report on Form 10-K and the Proxy Statement on Schedule 14A. The members of the Compensation Committee for 2008 were Mr. Spira (Chairman), Mr. McGill and Dr. Wetherbe. The Compensation Committee met two times during 2008.

**Compensation Committee
 Charter**

The Compensation Committee Charter is available for review on our website at www.ciber.com/cbr under “Corporate Governance” or is available in print, free of charge, upon request.

**Compensation Committee
 Process**

The Compensation Committee meets as often as necessary to perform its duties and responsibilities. Mr. Spira, our Compensation Committee Chair, works with our Chief Executive Officer (“CEO”) to establish the meeting agenda. The Compensation Committee typically meets with the CEO and, where appropriate, with outside advisors. The Compensation Committee also meets in executive session without management. The Compensation Committee reviews materials in advance of each meeting including financial reports on year-to-date performance against business plans, calculations and reports on achievement of individual and

corporate performance goals and objectives, performance of our competitive reference group, information about option grants under our performance-based option grant programs, NEO equity compensation and information about equity compensation dilution.

The Compensation Committee annually reviews the performance of and determines salary, bonus and equity compensation for the CEO and determines performance and award targets for the next fiscal year. The Compensation Committee also annually reviews and approves the salary, bonuses and equity compensation for the CFO and the other NEOs and determines performance award targets for the next fiscal year based on the recommendations of the CEO, who plays a significant role in evaluating the performance of and setting the performance targets for these individuals. The Compensation Committee has delegated authority to the CEO for the execution of the option grant programs.

The Compensation Committee charter grants the Compensation Committee direct authority to hire and fire advisors and compensation consultants for the Committee. In February 2005, the Compensation Committee retained the services of Mercer Human Resources Consulting and, in February 2007, retained the services of HCC, Inc., in both cases to evaluate and make recommendations regarding the compensation of our Chief Executive Officer, as discussed more fully in the Compensation Discussion and Analysis section of this Proxy Statement. The Compensation Committee continues to work with HCC on various compensation-related matters on an as-needed basis.

The Compensation Committee's process begins with reviewing and approving the performance targets for each NEO as recommended by the CEO and establishing the CEO's performance targets. The Compensation Committee determines the appropriateness of the financial and non-financial measures used for incentive compensation. It also reviews compensation levels for the CEO and NEOs for internal pay equity and reasonableness relative to the publicly-available information of the companies in our defined competitive reference group. The Compensation Committee periodically reviews performance against the objectives and, generally in the first quarter of the fiscal year, determines actual cash bonus and equity compensation payouts against targets, as well as objectives and compensation targets for the coming year.

**Compensation Committee
Report***

We have reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and based on the review and discussions, we have recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

COMPENSATION OF DIRECTORS

Our Board periodically reviews and establishes the compensation of our non-employee directors based on recommendations from our Compensation Committee in consultation with our CEO. In setting director compensation we review, among other things, director compensation surveys in publications for boards of directors and the publicly-available data of our competitive reference companies.

The non-employee directors are paid in a combination of cash, options and shares of our Common Stock pursuant to a director compensation program last modified February 21, 2007. Each director receives a \$30,000 all cash annual retainer. In addition, under our 2004 Incentive Plan, each non-employee director receives a non-statutory option to purchase 20,000 shares of Common Stock upon election to the Board of Directors and an option to purchase 5,000 shares of Common Stock on each anniversary of election to the Board of Directors. The initial option grant vests in equal annual installments over two years and expires 10 years from the date of grant. Anniversary option grants made prior to January 1, 2008 vest fully after one year and expire 10 years from the date of grant. Anniversary option grants made since the beginning of 2008 vest fully after one year and expire 5 years from the date of grant. The 2004 Incentive Plan further provides that non-employee directors receive shares of our Common Stock valued at approximately \$2,500 for each Board and Annual Meeting attended and valued at approximately \$1,500 for each committee meeting attended with the number of shares determined by the closing price of our Common Stock on the day of each meeting. Additionally, the non-employee directors that serve as chairpersons of the Audit, Compensation and Nominating/Corporate Governance committees receive annual retainers of our Common Stock valued at approximately \$15,000, \$10,000 and \$5,000, respectively. Compensation expense for grants of Common Stock to non-employee directors was \$153,000 for 2008. Such expenses are included in our total recorded share-based compensation costs.

We reimburse our directors for travel and lodging expenses incurred in connection with their attendance at directors’ and Stockholders’ meetings and at other Company-sponsored events. We also make long-term care insurance available to directors and/or their spouses, as well as to certain executive officers. Directors may participate at their option. The cost to us depends on the age of the director and/or spouse electing to participate but ranges from \$3,923 to \$5,138 per participating director per year. Except as set forth below for Mr. Stevenson, directors receive no perquisites other than long-term care insurance, which did not reach the \$10,000 disclosure threshold.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

We compensate our senior leadership through a combination of programs designed not only to attract, retain and motivate our executives but also to reward extraordinary performance and contribution to achievement of key strategic goals that are intended to enhance overall stockholder value. Compensation programs for our CEO, CFO and other Named Executive Officers (collectively, “NEOs”) are determined considering the revenue and profit, geographic scale and business model complexity for which an NEO has responsibility, along with the position, responsibilities and performance of an individual NEO. In addition, we consider the publicly-available compensation information of the executive officers of our competitor companies and, while publicly-available information from competitive reference group companies is not used as a final determination of compensation level, we continue to use such information to confirm that our compensation levels are reasonable and will allow us to remain competitive in the employment market.

Our compensation setting process consists of annually establishing individual base salaries, annual cash bonus targets and equity compensation targets. Cash bonus and equity compensation targets are tied to achievement of measurable corporate and business unit performance goals and objectives, primarily related to revenue and net operating income growth. We seek to maintain internal pay equity based on the premise that total compensation should be higher for individuals with greater responsibility and ability to impact the achievement of our strategic objectives. We also consider the deductibility of compensation for tax purposes under Section 162(m) of the Internal Revenue Code; however, we may approve a compensation plan that does not qualify for the deduction if we determine it is in our best interests to do so.

Stock Ownership Guidelines. We are also committed to encouraging stock ownership by our senior executive officers. Accordingly, our Compensation Committee has adopted a stock ownership policy that requires our senior executive officers to own at least 1,000 shares of our Common Stock and 100,000 stock options and our directors to own at least 5,000 shares of our Common Stock and 25,000 stock options. Our officers are expected to meet these guidelines within one year of employment and directors are expected to meet the guidelines within one year of election to the Board of Directors. Officers and directors are expected to hold stock options and Common Stock for at least six months after acquisition. Directors and senior executive officers are prohibited by our Insider Trading Policy from trading our Common Stock on margin or otherwise hedging their positions in our Common Stock.

Compensation Consultants. In February 2007, the Compensation Committee retained the services of an independent third-party compensation consultant, HCC, Inc. of Boulder, Colorado (“HCC”), to evaluate and make recommendations regarding the compensation of our CEO, and to review the compensation program structure for other NEOs. The Compensation Committee instructed HCC to identify an appropriate competitive reference group, to analyze competitive compensation levels and practices within that group, to recommend methodologies for valuing long-term incentives and total direct compensation, to analyze competitive practices and to present the results and recommendations to the Compensation Committee. HCC analyzed compensation levels, reviewed tax and accounting implications and considered the impact of equity dilution and overhang, as well as stockholder perspectives and sound governance principles. HCC met individually with members of our Board of Directors and the CEO to articulate our compensation philosophy and objectives and define the appropriate competitive reference group and the markets in which we compete. HCC’s key findings were that the CEO’s base compensation was reasonably competitive, but that the total compensation (salary, bonus and option grant value) was below market levels. HCC’s initial recommendations were reviewed and adjusted by the Compensation Committee and our Board of Directors and the CEO’s 2008 salary and cash bonus compensation were set accordingly. HCC continued to consult with the Compensation Committee during 2008 and into 2009 about a long-term incentive program for our

senior leadership and about confirming the appropriateness of our competitive reference group. HCC is not providing any services other than those described herein.

Benchmark Data. The Compensation Committee analyzes compensation data from a competitive reference group to help us confirm that we provide industry-competitive salaries and other compensation. Although the Compensation Committee considers other factors in setting compensation, competitive reference group data is an important factor and the Compensation Committee targets total compensation for the NEOs in median range for total compensation for the competitive reference group, with adjustments made for NEOs who may have responsibility levels or duties that differ from comparable positions at the reference companies. For fiscal 2007, the Compensation Committee selected a competitive reference group that offered information technology services similar to ours. These companies had revenues between \$300 million and \$3.4 billion and were all public companies that disclose executive compensation information. In 2008, HCC identified a competitive reference group of companies similar in terms of industry (the companies selected provide business consulting and solutions, systems integration, managed services and applications development), geographic areas served, customer base and complexity. Their median last fiscal year revenue was \$1.4 billion, with revenues ranging from \$400 million to \$3.4 billion. The companies included BearingPoint, Inc., Keane, Inc., MAXIMUS, Inc., MPS Group, Inc. and Perot Systems Corporation, as our 2007 competitive reference group did, but also included Axiom Corporation, CACI International, Inc., CGI Group, Inc., Cognizant Technology Solutions Corporation, Covansys Corporation, Inc., Man Tech International Corporation, Sapient Corporation and SRA International, Inc. For 2009, our competitive reference group still includes Axiom Corporation, CACI International, Inc., CGI Group, Inc., MAXIMUS, Inc., MPS Group Inc., Perot Systems Corporation, Sapient Corporation and SRA International, Inc. In addition, we have included MICROS Systems, Inc. and Savvis Inc. These companies have revenues for the last fiscal year that range from \$675 million to \$2.9 billion and all but one are Russell 2000 companies. Their median last fiscal year revenue was approximately \$1.45 billion. Due to industry consolidation through acquisitions, going-private transactions, and bankruptcies, or because of business dissimilarities, we have eliminated BearingPoint, Inc., Cognizant Technology Solutions Corporation, Covansys Corporation, Keane, Inc. and Man Tech International Corporation from our competitive reference group.

Elements of Executive Compensation

Our executive compensation is performance-driven and consists of the following components: (1) base salary, (2) annual cash bonus opportunities and (3) equity compensation awards. The base salary and annual cash bonuses, as well as the potential for equity awards, are provided for in each NEO's annually-renewable employment agreement. The design of our total cash compensation allocates approximately 55 - 65% to base salary and approximately 35 - 45% to compensation in the form of cash bonus opportunities. Equity compensation awards have historically been in the form of stock options although equity compensation also included restricted stock units in 2008. The actual mix of salary, cash bonus and equity compensation with respect to each NEO is subject to the nature of the specific business for which each NEO is responsible and the judgment of the Compensation Committee in consultation with the CEO. We believe this mix supports our pay-for-performance philosophy and is appropriate to provide each executive with a competitive base salary and sufficient "at-risk" compensation to drive performance against objectives.

Other than considering internal pay equity, we have not adopted a policy with regard to the relationship of the compensation paid to our NEOs. Differences between the compensation of our NEOs generally reflect differences in the scope of authority and responsibility for the relevant positions held by the NEOs. In addition, the exercise of discretion and judgment by the Compensation Committee to account for unique, individual circumstances, changes in the market for executive talent or in our strategic goals and other factors impacts the mix of actual compensation. As a result, establishing total compensation is not merely a formulaic process.

We have modified our philosophy for target bonus compensation from achievement of business plan targets in 2008 to levels of achievement for 2009 relative to 2008's actual results, believing there is more of a direct correlation to stockholders' goals for year-to-year improvement than performance to business plans, which is more indirect. We believe that the performance targets we have set do not, however, encourage management to take inappropriate or unnecessary risks but rather encourage fiscal responsibility for the Company as a whole.

Base Salary

In determining base salaries, we consider the NEO's position and responsibilities, qualifications and experience, goals and responsibilities, comparable salaries at our competitive reference group, past performance, prior year(s) compensation and internal pay equity. Base salaries are reviewed annually and adjusted from time to time, if necessary, to align them with changes in the factors noted above. The Compensation Committee sets the salary for the CEO, and reviews and approves the salaries for the other NEOs based on recommendations from the CEO and its own assessment of the factors listed above. The following table reflects the adjustments made to the base salaries of the NEOs for the 2009 fiscal year (beginning January 1, 2009) consistent with the philosophy and principles discussed above. The adjustments to base salary also gave consideration to the general decline in global economic conditions and the steps that the Company has taken to reduce overhead expenses including, unfortunately, the need to lay off employees.

Three-Year Base Salary Table

<u>Name</u>	<u>Title</u>	<u>2007 Base Salary</u>	<u>2008 Base Salary</u>	<u>2009 Base Salary</u>
Mac J. Slingerlend	President & CEO	\$600,000	\$630,000	\$630,000

* Mr. Cheesbrough began employment October 31, 2007. His base salary is annualized for 2007.

** Mr. Laugerud is paid in GBP. His 2009 base salary is stated at a conversion rate of approximately 1 GBP to 1.84 U.S. Dollar, which is the average conversion rate for 2008. His 2007 and 2008 base salary amounts have been re-stated at the same conversion rate.

Annual Cash Bonus Compensation

The Compensation Committee believes cash incentives for NEOs that are contingent upon corporate or business unit performance align the NEOs' interests with those of our stockholders. The Compensation Committee approves the annual cash bonus compensation opportunities for all NEOs which include two aspects: (1) an Annual Cash Bonus Award for performance to set targets with an associated Ancillary Cash Award for performance beyond the targets set and (2) the Special Bonus Program discussed more fully below. The Annual Cash Bonus Award is based largely on quantitative targets such as revenue, EBITA/NOI, tax rate achieved and accounts receivable day's sales outstanding but also includes a qualitative component. The Ancillary Cash Award associated with the Annual Cash Bonus Award and the Special Bonus Program awards are tied to achievement over and above the targets set under the Annual Cash Bonus Award for revenue and NOI with the Special Bonus Program targets set even tighter than the Ancillary Cash Award targets. Percentages of the total award are allocated to each target and include a range of payouts from a minimum to a maximum of the targets

As in 2008, the 2009 Annual Cash Bonus Award targets for Mr. Slingerlend and Mr. Cheesbrough are based on total company revenue growth and company EBITA (Earnings Before Interest, Taxes and Amortization) growth. Mr. Cheesbrough's bonus targets also include, to a lesser extent, tax rate achieved and accounts receivable day's sales outstanding. Annual Cash Bonus Award targets for Mr. Hadzi, Mr. Mancuso and Mr. Laugerud are based primarily on business unit revenue and net operating income (NOI) and, to a lesser extent, on accounts receivable day's sales outstanding for Messrs. Hadzi and Mancuso and European tax rate achieved for Mr. Laugerud. In addition, we have identified important qualitative attributes we expect our NEOs to demonstrate that include development of people, leadership, teamwork and dedication to our performance. In connection with the Annual Cash Bonus Award plan, we also provide an Ancillary Cash Award for achievement of revenue and EBITA (or NOI) targets that are over plan targets at 100%. The weighting of the various performance objectives may vary from year to year as necessary to focus senior leadership on what is most important in the upcoming year. Objectives and targets may be adjusted based on unforeseen circumstances, past difficulties and future challenges. Each fiscal year, the CEO proposes objectives and targets for each NEO for the coming fiscal year based on the annual business plans. Bonus targets are set that align with each objective. Annual Cash Bonus Award and Ancillary Cash Award payments are calculated based on performance against the targets set for that fiscal year. We believe that the 2008 Annual Cash Bonus Award targets were set fairly. To illustrate the point, the Company's Commercial and European Divisions exceeded their targets, but the other three divisions did not meet their targets. While not indicative of future results, overall payouts against targeted payouts were approximately 50-55% in 2008, which would indicate that the targets are difficult to achieve.

In addition to our Annual Cash Bonus Award and associated Ancillary Cash Award program, the Board also implemented a 2008 Special Bonus Program, a cash bonus program in which our NEOs and other senior leadership participate. The Special Bonus Program was aimed at achieving targets for business unit revenue and NOI that were set even tighter than the targets for the Annual Cash Bonus Award and Ancillary Cash Award program and were less likely to be achieved than the business plan targets without a significant amount of additional effort by all participants in this Special Bonus Program.

Fiscal 2008 Annual Cash Bonus Awards

The criteria for the 2008 Annual Cash Bonus Award for our NEOs on their various targets, established by the Compensation Committee, were as set forth in the table below.

2008 Annual Cash Bonus Award Targets

Name	Revenue Target Percentage*	EBITA/NOI Target Percentage	Accounts Receivable Day's Sales Outstanding	Tax Rate Target Percentage	Discretionary Percentage
Mac J. Slingerlend	40%	40%	—	—	20%
Peter H. Cheesbrough	35%	35%	10%	5%	15%
Tony Hadzi	33%	42%	10%	—	15%
Joseph A. Mancuso	33%	42%	10%	—	15%
Terje Laugerud	35%	45%	—	5%	15%

* Revenue and EBITA/NOI target for Messrs. Slingerlend and Cheesbrough are Company targets. Revenue and EBITA/NOI targets for Messrs. Hadzi, Mancuso and Laugerud are business unit targets.

The following table reflects the principal 2008 targets of revenue and net operating income and payout percentages on those targets under the Annual Cash Bonus Award program:

2008 Target	Messrs. Slingerlend and Cheesbrough		Messrs. Hadzi and Mancuso		Mr. Laugerud	
	Company Revenue	Company EBITA	U.S. Commercial Revenue	U.S. Commercial NOI	Europe Revenue	Europe NOI
	Payout at 100% of Plan (100%)	100%	100%	100%	100%	100%
Minimum Payout (25%)	96%	89%	95%	94%	95%	84%

No bonus payments for a particular target are made if less than the minimum target is achieved and the maximum target has to be achieved for a 100% payout on that target.

Fiscal 2008 Ancillary Bonus Awards

The 2008 Ancillary Bonus Award associated with the Annual Cash Bonus Award was based on the revenue and EBITA/NOI targets set forth in the above table. The target incentive set for Mr. Slingerlend provided him with the opportunity to earn an additional cash bonus of \$2,500 for each ½% the Company exceeded the 100% business plan target for revenue and \$2,500 for each 1% EBITA exceeded the 100% business plan target for EBITA. Similarly, Mr. Cheesbrough had the opportunity to earn an additional \$1,500 for every ½% the Company was over the 100% business plan target for revenue and \$1,500 for every 1% the Company was over 100% business plan target for EBITA. Messrs. Hadzi and Mancuso had the opportunity to earn an additional \$2,500 for each \$0.5 million that each exceeded the 100% business unit plan target for revenue and \$5,000 for each \$0.25 million that each exceeded the 100% business unit plan target for NOI. Mr. Laugerud had the opportunity to earn an additional £1,250 for every \$0.5 million his business unit achieved over the 100% business plan target for revenue and £2,500 for every \$0.25 million the business unit achieved over the 100% business plan target for NOI.

Fiscal 2008 Special Bonus Program

The 2008 Special Bonus Program, established by the Compensation Committee, was capped at \$1 million in payouts. The Special Bonus Program targets were allocated 30% to revenue and 70% to NOI. The payouts ranged from a minimum payout of 20% of the 30% of the Program allocated to revenue if 96% of the business unit revenue target was achieved to 100% of the 30% allocated to revenue if 100% of the business unit revenue target was achieved. Payouts under this Program for business unit NOI ranged from 25% of the 70% allocated to the NOI target at achievement of 90% of the NOI target to 100% of the 70% allocated to the NOI target at achievement of 100% of the NOI target. Messrs. Hadzi, Mancuso and Laugerud were eligible for an additional 25% bonus payment of the business unit award if their business unit revenue targets set under this Program were achieved. Mr. Slingerlend and Mr. Cheesbrough also participated in this program, earning 12% and 8%, respectively, of amounts earned by the other NEOs. Approximately 50% of the amounts available under the 2008 Special Bonus Program were paid out to eligible recipients. As noted below, the total cash bonus compensation awarded to Messrs. Hadzi, Mancuso and Laugerud reflected the fact that their business units exceeded the performance targets set for both revenue and NOI, largely because the shift away from staffing work towards more solutions-oriented work helped achieve this better performance.

Fiscal 2008 Cash Award Payments

The table below sets forth the total cash bonus compensation the Compensation Committee awarded to our NEOs pursuant to the Annual Cash Bonus Award and its associated Ancillary Cash Award and the Special Bonus Program for fiscal year 2008. These awards are also set forth in the

Summary Compensation Table on page 36 under the heading “Non-Equity Incentive Plan Compensation” and under the “Bonus” column.

Terje Laugerud***	207,300	329,950	159	308,800	26,250	665,000

* The Annual Cash Bonus Target Award does not include Ancillary Cash Award and Special Bonus Program Award target amounts because such amounts cannot be calculated until actual year end results are known.

** During 2008, Messrs. Hadzi and Mancuso were also eligible to receive bonus payments in connection with a U.S. Commercial division plan by which senior level managers could receive bonuses for particular types of newly secured business of specified minimum dollar values. In that regard, Mr. Hadzi received an additional cash bonus of \$7,500 and Mr. Mancuso received an additional cash bonus of \$12,500 which amounts are not included in the total actual cash award reflected in this table.

*** Mr. Laugerud’s target and actual incentive awards are calculated at an average 2008 foreign exchange conversion rate of approximately 1 GBP to 1.84 U.S. Dollar.

Fiscal 2009 Annual Cash Bonus Award Targets

The criteria for the 2009 Annual Cash Bonus Award targets for all NEOs approved by the Compensation Committee are substantially the same as last year except that these targets are set as a percentage increase against actual 2008 results. The Annual Cash Bonus Award targets for our CEO and NEOs are set forth in the table below. No bonus payments for a particular target will be made if less than the minimum threshold target is achieved and the maximum target must be achieved for a 100% payout on that target.

2009 Annual Cash Bonus Award Targets

Name	Revenue Target Percentage*	EBITA/ NOI Target Percentage*	Accounts Receivable Day's Sales Outstanding Target	Tax Rate Target Percentage	Discretionary Percentage
Mac J. Slingerlend	25%	40%	—	—	35%
Peter H. Cheesbrough	25%	40%	10%	5%	20%
Tony Hadzi	25%	35%	10%	—	30%
Joseph J. Mancuso	25%	35%	10%	—	30%
Terje Laugerud	30%	40%	—	5%	25%

* Revenue and EBITA/NOI target for Messrs. Slingerlend and Cheesbrough are Company targets. Revenue and EBITA/NOI targets for Messrs. Hadzi, Mancuso and Laugerud are business unit targets.

The following table reflects the principal 2009 Annual Cash Bonus Award targets of revenue and EBITA/NOI and payout percentages on those targets for the NEOs. The targets are set as a percentage increase against actual 2008 results. This change reflects a modification in the Company's philosophy from prior years with respect to setting such business plan targets and, to some extent, addresses vagaries in business planning estimates. No NEO is guaranteed a bonus payment.

2009 Target	Mr. Slingerlend and Mr. Cheesbrough		Mr. Mancuso and Mr. Hadzi		Mr. Laugerud	
	Company Revenue	Company EBITA	U.S. Commercial Revenue	U.S. Commercial NOI	Europe Revenue	Europe NOI
	Payout at 100% of Plan (100%)	103.0%	110.0%	103.0%	108.0%	104.0%
Minimum Payout (25%)	100.0%	101.0%	100.0%	98.0%	95.0%	95.0%

The total Annual Cash Bonus Award compensation, assuming 100% of all applicable revenue, EBITA, NOI, tax rate, accounts receivable day's sales outstanding and qualitative targets are achieved, are potentially as follows: Mr. Slingerlend \$525,000, Mr. Cheesbrough \$227,500, Mr. Hadzi \$185,000, Mr. Mancuso \$175,000 and Mr. Laugerud \$257,320 (at a conversion rate of 1 GBP to 1.84 U.S. Dollar). The Annual Cash Bonus Target Award does not include the Ancillary Cash Award and Special Bonus Program Award target amounts because such amounts cannot be calculated until actual year end results are known.

Fiscal 2009 Ancillary Cash Award Targets

For the 2009 Ancillary Cash Award opportunity associated with the Annual Cash Bonus Award, Mr. Slingerlend and Mr. Cheesbrough each can earn an additional \$5,000 and \$3,000, respectively, for each ½% the Company is over 100% of target for revenue and an additional \$10,000 and \$6,000, respectively for each ½% the Company is over 100% of the EBITA/NOI target. Mr. Hadzi and Mr. Mancuso also have the opportunity to earn an Ancillary Cash Award of an additional \$2,500 for each ½% that revenue exceeds 100% of the business unit target and \$4,000 for every ½% that business unit NOI exceeds 100% of the business unit target. Mr. Laugerud can earn an additional ancillary cash bonus of £2,500 for every ½% that the business unit exceeds 100% of the business target for revenue and £5,000 for every ½% that the business unit exceeds its EBITA/NOI target. These 2009 target bonuses are 8 - 14% higher than the 2008 target bonuses because of our desire to focus our senior management on continued revenue and NOI growth. We believe that the 2009 annual cash compensation targets may be more difficult to achieve than our 2008 targets, and achieving such targets will require significant effort for our NEOs given the current business and economic environment and the degree of competition that the Company faces.

Fiscal 2009 Special Bonus Program

The Compensation Committee has also approved a 2009 Special Bonus Program similar to the Special Bonus Program implemented in 2008 but capped at \$1.2 million in payouts. Potential payouts under this program range from a minimum payout of 30% of the 50% of the Program allocated to the revenue target at 95% achievement of the business unit revenue target under this Program to a 100% payout at 100% achievement. Potential payouts under this Program for business unit NOI range from 50% of the 50% of the Program allocated to the NOI target at achievement of 90% of the NOI target to 100% at 100% achievement. Messrs. Hadzi, Mancuso and Laugerud are also eligible for an additional 25% bonus payment if the business unit targets set under this Program are achieved. Messrs. Slingerland and Cheesbrough are eligible to participate in this Program and can earn 12% and 8%, respectively, of the amounts that are earned by the others under the Program.

We have no policy to recover payments if the relevant performance measures upon which they are based are restated or otherwise adjusted. We will review the need for such a policy as appropriate.

Equity Incentive Program

Historically, we have awarded NEOs non-qualified stock options as our form of equity compensation and as our primary vehicle for long-term incentive compensation. We believe that our stock option program has focused management on driving operating performance in a way that improves stockholder value while our vesting features encourage retention. We have two stock-based programs for our NEOs that are annually approved by our Board of Directors: (1) a quarterly performance-based program (the "Quarterly Equity Incentive Program") in which our NEOs other than our CEO participate and (2) in 2008, a newly-adopted long term equity incentive program (the "LTIP") in which all our NEOs participate that incorporates both stock options and restricted stock units (RSUs) awarded on achievement of certain levels of performance as discussed more fully below.

Stock options and RSUs are granted from the CIBER, Inc. 2004 Incentive Plan which was approved by our Stockholders and incorporates, among others, the following features: (1) the term of the grant does not exceed 10 years; (2) the grant price is not less than the market price on the date of the grant and (3) re-pricing of options is prohibited unless approved by the stockholders. The size and nature of equity grants to our NEOs are determined by the Compensation Committee, or our CEO pursuant to authority delegated to him by the Compensation Committee. Company and business unit targets are established annually and approved by the Compensation Committee. Like our cash incentive compensation programs, awards pursuant to our equity compensation programs are tied to the achievement of pre-established performance targets for Company or business unit performance.

Beginning in 2008, awards under our Quarterly Equity Incentive Program vest 50% over two years beginning on the date of the grant. The Compensation Committee or, pursuant to authority delegated to him by the Compensation Committee, the CEO, have the authority and have exercised that authority from time to time, to award discretionary options, generally based on exceptional performance. The vesting of discretionary options is determined at the time of the award and generally ranges from two to four years. Vesting periods are generally long enough to encourage executive retention and the preservation of stockholder value. In determining the number of options to be granted to all eligible employees, we have established a guideline to grant no more than 1 - 2% of shares outstanding per year and to limit overall grants to try and avoid creating an overhang of more than 12% of shares outstanding. In making awards to individual NEOs and, subject to the application of the Compensation Committee's judgment, we take into account the individual's position, scope of responsibility, ability to affect profits and stockholder value and the individual's past and present performance.

We have reviewed our historical stock option grants to our NEOs and are confident in the integrity of our stock option granting process. We do not grant discretionary options to NEOs during a trading blackout period under our Insider Trading Policy or when in the possession of material non-public

information that we believe may affect stock price. Quarterly Equity Incentive Program grants, which are generally formulaic in implementation, are not intentionally timed around public announcements but may be granted whether or not quarterly earnings have been publicly released.

Early in 2008, our Board of Directors considered a new approach to a long-term equity incentive program for our NEOs and other members of senior leadership. On April 29, 2008, the Board of Directors adopted the CIBER, Inc. Long-Term Incentive Program (the "LTIP") and authorized grants to the individuals eligible to participate in the LTIP for the 2008 fiscal year. The purpose of the LTIP was to allow the Board of Directors to provide equity incentives to members of our leadership group through long-term awards in order to further incent growth of the long-term value of CIBER for its stockholders. The Board of Directors believes that the LTIP awards will directly link certain executive compensation opportunities with stockholder value creation. The total amount available for LTIP awards is capped each year based on the Board's or the Compensation Committee's determination, which includes the potential cost to the Company of the program. The LTIP awards consist of a mix of stock options and RSUs. In the design of the LTIP program, the Board employed both performance-based award criteria, including revenue and NOI components, and multi-year vesting of these equity incentive awards. Consequently, the options and the RSUs are both performance-vested and time-vested. The Board believes that performance vesting coupled with multi-year vesting focuses executive officers on consistent long-term growth of stockholder value and encourages retention.

While we have not usually taken the performance of past equity awards into account when making new equity awards other than, at the discretion of the Compensation Committee, the occasional replacement of expired underwater options, our Compensation Committee continues to review our equity incentive programs to optimize their value as vehicles to incent and retain our leadership and to align their interests with the interests of our stockholders. The Compensation Committee is evaluating the implications for our equity compensation programs caused by decline in the Company's stock price and is aware that these implications will need to be balanced with equity burn rate, dilution and expense implications.

Fiscal 2008 Quarterly Equity Incentive Program Awards

For 2008, stock options under our Quarterly Equity Incentive Program were awarded on a formulaic basis for the achievement of pre-established performance-based business unit goals and objectives. Our NEOs, other than Mr. Slingerlend, were eligible for grants during 2008 pursuant to this Board-approved Quarterly Equity Incentive Program. Based on the judgment of the Compensation Committee, the NEOs may also receive discretionary stock option or RSU awards for exceptional performance or other contributions or to replace expiring underwater options.

In 2008, and consistent with the Quarterly Equity Incentive Program, Messrs. Cheesbrough and Laugerud were eligible to receive 5,000 options per quarter provided that 95% of the Company and/or business unit revenue target and 90% of the EBITA target were met for that quarter. Messrs. Hadzi and Mancuso were eligible to receive 4,000 options per quarter provided that 95% of the business unit revenue target and 90% of the EBITA target were met for that quarter. The Compensation Committee approved 2008 stock option awards for Mr. Cheesbrough, Mr. Hadzi, Mr. Mancuso and Mr. Laugerud pursuant to this plan in amounts of 20,000, 16,000, 16,000 and 20,000 respectively(1). The options awarded were based on achievement of their quarterly goals during 2008 and represent all of the options that each could have been awarded in 2008 pursuant to this quarterly performance-based option program. Mr. Slingerlend did not participate in this quarterly stock option grant program; however, Mr. Slingerlend was awarded options under the LTIP as discussed below in early 2009.

(1) Total 2008 grants include grants for performance during the last quarter of 2008 although such fourth quarter grants actually were made in January 2009.

Fiscal 2008 Long-Term Equity Incentive Program Awards

Participants in the 2008 LTIP program included Mr. Slingerlend, Mr. Cheesbrough, Mr. Hadzi, Mr. Mancuso and Mr. Laugerud. Other eligible participants include selected corporate employees and business unit leaders based primarily on the extent of their revenue or other leadership responsibilities. The target award value level for Mr. Slingerlend, our principal executive officer, was 1.25 times base salary. Target awards for all other participants, including Mr. Cheesbrough, Mr. Hadzi, Mr. Mancuso and Mr. Laugerud, were set based upon their respective business unit's past and future estimated overall revenue contribution and other responsibilities at CIBER. Equity incentives ultimately awarded under the 2008 LTIP were based on the Company financial performance for certain corporate employees and executives and the Company financial performance, as well as the performance of their respective business units for those participants who have business unit responsibility. The awards of both the stock options and RSUs that were made on the achievement of the performance criteria for 2008 are still subject to vesting in equal portions over a three-year period. The following table sets forth the NEOs' target and actual stock option and RSU awards for 2008. Approximately 53% of the available stock options and RSUs were awarded under the 2008 LTIP program for all eligible participants.

2008 LTIP Awards

<u>Name</u>	<u>2008 Target Stock Option Award</u>	<u>2008 Actual Stock Option Award</u>	<u>2008 Target RSU Award</u>	<u>2008 Actual RSU Award</u>
Mac J. Slingerlend	250,000	125,000	62,500	31,250
Peter H. Cheesbrough	30,000	15,000	7,500	3,750
Tony Hadzi	26,000	19,500	6,500	4,875
Joseph A. Mancuso	26,000	19,500	6,500	4,875
Terje Laugerud	52,000	39,000	13,000	9,750

Additional Equity Grants

During 2008, Mr. Hadzi and Mr. Mancuso also received awards of additional stock options in the amounts of 8,000 and 32,500, respectively, to replace options that had expired in 2007. The Board continues to be concerned that recent stock price changes left virtually all of the Company's long-term incentives in the form of stock options out-of-the-money, i.e., having no economic value. Hence, in November 2008, our Board approved special discretionary grants of RSUs to recognize the performance of our leadership, to compensate for declines in the value of previous equity grants and to incent employees and align their interests with shareholders as well as to begin a shift toward awarding more RSUs than stock options. In that regard, the Board authorized additional grants of RSUs to Mr. Slingerlend, Mr. Cheesbrough, Mr. Hadzi, Mr. Mancuso and Mr. Laugerud in the amounts of 24,000, 15,000, 18,000, 18,000 and 18,000, respectively.

Fiscal 2009 Quarterly Incentive Award Targets

Our NEOs, other than Mr. Slingerlend, are eligible to participate in the Board-approved Quarterly Incentive Award Program for 2009. In 2009, Messrs. Hadzi and Mancuso will again be eligible to receive 4,000 options per quarter and Messrs. Cheesbrough and Laugerud will be eligible to receive 5,000 options per quarter provided that 95% of the revenue target and 90% of the EBITA target are met for that quarter. Based on the judgment of the Compensation Committee, the NEOs may also receive discretionary stock option or RSU awards for exceptional performance or other contributions.

Fiscal 2009 LTIP Award Targets

All of our NEOs are eligible to participate in the 2009 LTIP program. Awards granted under the LTIP Program will be based on the achievement of performance to Company or business plan targets for revenue and NOI. For 2009, and consistent with our approach to setting the targets for our cash bonus compensation awards for 2009, the revenue and NOI targets reflect an increase over the actual performance on those targets in 2008. Stock options and RSUs under the 2009 LTIP will be awarded in a ratio of three stock options to one RSU and an award split that is based 50% on revenue results and 50% on NOI results. For a minimum award of 25%, revenue and NOI must be a minimum level of 2008 actual NOI performance. For the maximum 100% award, revenue and NOI must be a minimum increase over last year's revenue and NOI performance. The revenue and NOI targets for Messrs. Slingerland and Cheesbrough are Company consolidated targets, and the targets for Messrs. Hadzi, Mancuso and Laugerud are business unit-based targets. Given the general economic conditions, we believe that these targets will be fairly difficult to achieve although not out-of-reach.

Other Benefits

Our health care insurance and other welfare and employee benefit programs are the same for all eligible employees, including our NEOs. Our NEOs also receive various modest personal benefit perquisites that we believe are consistent with their positions, the need for appropriate entertainment forums for customers and their roles in the community. We expect to continue to provide these perquisites. The perquisites may include physicals, membership in social and country clubs, life insurance and sporting event tickets and are more fully discussed in the Summary Compensation Table. To provide competitive salary and benefits to Mr. Laugerud, as is customary in Europe, Mr. Laugerud's employment agreement provides for an annual automobile allowance of \$24,288 (calculated at 1 GBP to 1.84 U.S. Dollar).

Post-Termination Compensation and Benefits

Employment and Change in Control Agreements

Pursuant to their employment and change in control agreements, our NEOs may receive payments upon termination of employment other than for cause, or in the event of a change in control of the Company. We believe that reasonable severance benefits and payments upon a change in control are necessary components of a competitive pay package. Payments are appropriate in both instances given the period of time that may be necessary for an executive officer to find comparable employment following a termination or change in control. In addition, payments upon a change in control are appropriate because they provide stability and continuity of business leadership in a period of transition following a change in control, thus benefiting our stockholders.

The severance benefits payable under the employment agreements vary somewhat from executive to executive and are more fully set forth in the Termination and Change in Control Payments table and narrative discussion below. Each executive is bound by a covenant not to compete with us or to solicit our employees for up to 18 months following termination and each executive is subject to liquidated damages for breach of these covenants. These provisions are also part of the change in control agreements. Severance payments are not in addition to change in control payments. We do not take potential payments pursuant to these agreements into account when determining our NEOs compensation because these agreements serve very specific purposes generally unrelated to annual compensation packages. Potential individual payments are determined based on what is common in the employment market for similar positions and with a view toward internal equity at the Company.

The provisions for payments under the change in control agreements supersede any similar provisions in our executives' employment agreements in the event of a change in control. The payments include a multiple of salary and target annual cash bonus compensation, medical, life and disability and

long-term care insurance premiums for up to 36 months following termination and one year of outplacement services. Two separate criteria must be met before payments are made upon a change in control. First, a change in control must occur as defined in the agreement and second, the executive must be terminated or constructively terminated. Accelerated vesting of an executive's equity compensation is at the judgment and discretion of our Board of Directors as the administrator of our 2004 Incentive Plan. In addition, terminated executives are entitled to receive any payments for which they would otherwise have been eligible under our 401(k) Savings Plan and, for Mr. Slingerlend, under his Salary Continuation Retirement Plan described below. Change in control payments are discussed in more detail in the Termination and Change in Control Payments table and narrative below.

Retirement Plan

On March 30, 1995, our Board of Directors approved a Salary Continuation Retirement Plan (the "Retirement Plan") for Mr. Slingerlend under which we will make certain post-employment payments to him or his designated beneficiaries, except in the event of a termination for cause. Our Board of Directors believed such a plan was appropriate to recognize Mr. Slingerlend's long-term efforts in our growth and success. The Compensation Committee approved changes to the Retirement Plan in 2008 as a result of the recommendations of the compensation consultant. Additional language changes were also made to comply with Section 409A of the Internal Revenue Code.

The Retirement Plan provides that payments will be made at the rate of one year for each year that Mr. Slingerlend was an employee of the Company, not to exceed 20 years. Payment will begin after Mr. Slingerlend's termination of employment. Annual payment amounts will range from \$190,000 at the present time to \$200,000 per year, depending upon Mr. Slingerlend's age at the time of termination of employment. The Retirement Plan also provides that, should Mr. Slingerlend's employment terminate subsequent to a change in control of the Company, the payments will be \$225,000 annually over a period not to exceed 20 years. Additional details are provided below in the Pension Benefits Table.

Summary Compensation Table Discussion

Total actual cash bonus awards are reported in both the Bonus and Non-Equity Incentive Plan Compensation columns. The Bonus column includes that portion of the bonus award that is discretionary and the Non-Equity Incentive Plan Compensation column includes that portion of the award that is based on the targeted performance plan approved by the Compensation Committee at the beginning of the fiscal year.

The Summary Compensation Table for the three most recent fiscal years is as follows:

- (1) The amounts presented in these columns reflect the dollar amount recognized for financial statement reporting purposes for the fiscal years ended December 31, 2008, 2007 and 2006, in accordance with Statement of Financial Accounting Standards No. 123(R) (excluding any impact of assumed forfeitures), for awards pursuant to the 2004 Incentive Plan. Unless otherwise indicated, the amounts presented here are for stock or option awards granted during fiscal years 2008, 2007 or 2006. Assumptions used in the calculation of expense for 2008, 2007 and 2006 awards are included in Note 11 to the Consolidated Financial Statements in our 2008 Annual Report on Form 10-K, which was filed with the Commission on March 5, 2009.
- (2) Consists of amounts contributed under our 401(k) Savings Plan, amounts we pay for life insurance benefits and, in certain circumstances that are separately identified, the value of perquisites and other personal benefits with an aggregate value of at least \$10,000. Savings Plan contributions for the year ended December 31, 2008, were \$3,000 each for all officers in the above table, except for Mr. Cheesbrough, whose Savings Plan contribution was \$1,818 and Mr. Laugerud, who does not participate in the Savings Plan. Life insurance premiums paid for the year ended December 31, 2008, were: Mr. Slingerlend \$7,574, Mr. Cheesbrough \$1,032, Mr. Mancuso \$1,584 and Mr. Hadzi \$1,962.
- (3) In addition to the items noted in footnote 2 above, this amount includes total perquisites for Mr. Slingerlend of \$13,799 for the year ended December 31, 2008. Perquisites for 2008 consisted of expenses for long-term care insurance (\$11,511) and the portion of country club membership fees and related country club expenses pertaining to Mr. Slingerlend's personal use (\$2,288).
- (4) Amounts included in the table above reflect both Mr. Cheesbrough's compensation as an executive officer of the Company and as a Director of the Company prior to being hired as Chief Financial Officer in October 2007. Amounts paid to Mr. Cheesbrough in 2007 related to his director responsibilities included: \$28,756 in cash related to a cash retainer paid semi-annually (\$21,256) and a semi-annual payment for serving as chairperson of the Audit Committee (\$7,500) which are reflected in the "Salary" column and stock awards totaling \$37,194 for attendance at Board, Annual and committee meetings and a Common Stock award for serving as Chair of the Audit Committee. Additionally, Mr. Cheesbrough received a cash signing bonus when he became our Chief Financial Officer of \$25,000 which is reflected in the "Bonus" column.
- (5) Amount is based on a conversion rate of 1 GBP to 1.84 U.S. Dollar.
- (6) \$6,891 and \$67,978 of these expenses recognized during fiscal years 2007 and 2006, respectively, relate to an option award granted during fiscal year 2003. The assumptions used in the calculation of expense for options granted in 2003 were as follows: expected term of 5.0 years, risk-free interest rate of 3.00%, volatility of 55% and a dividend yield of 0%.
- (7) Amounts include total perquisites for Mr. Laugerud of \$30,912, consisting of expenses for pension plan contributions of \$6,624 and an annual automobile allowance totaling \$24,288.

Grants of Plan-Based Awards Table Discussion

As discussed in the Compensation Discussion and Analysis section, option grants in 2007 to the CEO were, in part, based upon a study performed by a compensation consultant in 2005 which concluded the “equity-based, longer-term” incentive compensation to the CEO was potentially considered as less than competitive reference group companies. The grants to NEOs, other than the CEO, are formula driven against performance targets built around the business plans of the respective NEO.

If an NEO is awarded the maximum number of options under his performance plan, the options for fourth quarter performance will be awarded during the first quarter of the following year.

- (1) Amounts represent the potential cash bonus amounts if the threshold or target payments were achieved for the fiscal 2008 performance period under the Company’s Annual Cash Bonus Award only and do not reflect any estimated payouts for the Ancillary Cash Award or the Special Bonus Program Award because such amounts cannot be calculated until actual year end results are known. The Compensation Committee approved 2008 bonuses for the NEOs on February 25, 2008. See the 2008 Summary Compensation Table for those amounts.
- (2) Amounts shown in the threshold column are based on the assumption that each NEO meets the minimum business plan target for the smallest component within the Company’s Annual Cash Bonus Award applicable to each respective executive.

- (3) In accordance with the Company's Annual Cash Bonus Award for NEOs, there is the possibility of receiving Ancillary Bonus Awards in the event that business plan targets for revenue and NOI are exceeded. Payments could be increased for Mr. Slingerlend by \$2,500 for each additional ½% of revenue above business plan revenue and for each additional 1% of NOI above business plan NOI. Payments could be increased for Mr. Cheesbrough by \$1,500 for each additional ½% of revenue above business plan revenue and for each additional 1% of NOI above business plan NOI, as well as by \$5,000 for each additional ½% that the Company's tax rate is below business plan tax rate (with a cap of \$15,000). Payments could be increased for Mr. Hadzi and Mr. Mancuso by \$2,500 for each additional \$0.5 million of revenue over business plan revenue and by \$5,000 for each additional \$0.25 million of NOI over business plan NOI. Payments for Mr. Laugerud could be increased by \$2,300 for each additional \$0.5 million of revenue over business plan revenue and \$4,600 for each additional \$0.25 million of NOI over business plan NOI, as well by \$5,175 for each additional ½% that the Europe division's tax rate is below business plan tax rate (with a cap of \$15,525). Amounts for Mr. Laugerud are calculated at an average 2008 foreign exchange conversion rate of approximately 1 GBP to 1.84 U.S. Dollar.
- (4) Amounts reported in the threshold and maximum columns for estimated payouts under equity incentive plan awards with an approval and grant date of 4/29/08 are reported in two lines. The top line, or the line with the larger numbers for the 4/29/08 grant, represents an estimated payout of options, and the bottom line, or the line with the smaller numbers for the 4/29/08 grant, represents an estimated payout of RSUs. These estimated payouts both related to the 2008 LTIP.
- (5) The attainment of these awards is determined on a quarterly basis after the prior quarter's results are known. Therefore, the grant of awards pertaining to the fourth quarter of 2008, if applicable, will be made during the first quarter of 2009.
- (6) Amount is based on an average 2008 foreign exchange conversion rate of approximately 1 GBP to 1.84 U.S. Dollar.

Pension Benefits

Mr. Slingerlend has a pension benefit other than his 401(k) benefits. Our 401(k) Savings Plan is generally available to all our U.S. employees on a non-discriminatory basis. The CEO's Salary Continuation Retirement Plan (the "Retirement Plan") was established in March 1995 because the Board wanted to recognize the CEO's efforts in our growth and success. The Compensation Committee approved changes to the Retirement Plan in 2008 as a result of the recommendations of the compensation consultant; additional language changes were also made to comply with Section 409A of the Internal Revenue Code. The Retirement Plan provides for benefit payments to be made for up to 20 years after Mr. Slingerlend's termination of employment with us, beginning with an annual payment of \$190,000 if he retires at his current age and increasing to \$200,000 annually if he retires at age 65 or older. The Retirement Plan also provides that, if Mr. Slingerlend's employment terminates subsequent to a change in control of the Company, the payments will be \$225,000, which is 150% of the amounts payable at ages 59, 60 and 61, payable annually for a period not to exceed 20 years. The net present value of the Retirement Plan is determined using a discount rate of 5% and assumes that Mr. Slingerlend retires from the Company at age 65 and receives benefits under the Retirement Plan for 20 years. The present value of the accumulated benefit under the Retirement Plan was fully accrued by us as of December 31, 2008. The Retirement Plan is unfunded except in the case of change in control of the Company.

Pension Benefits Table

<u>Name</u>	<u>Plan Name</u>	<u>Number of Years Credited Service (#)(1)</u>	<u>Present Value of Accumulated Benefit (\$)(2)</u>	<u>Payments During Last Fiscal Year (\$)(3)</u>
Mac Slingerlend	Salary Continuation Retirement Plan	21	2,492,000	None

- (1) Annual payments to be made equal to the number of years of service, not to exceed 20 years. For purposes of this analysis, we assumed retirement at age 65 with 24 years of service resulting in 20 annual payments.
- (2) Although we assumed for this analysis that the executive retired at age 65 with 24 years of service, the net present value of the Retirement Plan as of December 31, 2008, is \$1,538,000 and the executive's 2008 increase under the Plan was \$118,000.
- (3) No payment will be made under the Retirement Plan until six months and one day after termination of employment.

Termination and Change in Control Payments

The numbers in the tables below are hypothetical numbers based on an assumed December 31, 2008 termination or change in control date. The numbers may be higher or lower depending on actual dates of termination or change in control and depending on whether or not the Board of Directors accelerates the vesting of equity awards. All payments are in addition to what the executive would normally be paid to the date of termination such as accrued base salary and unpaid bonus amounts. No executive will receive payments in addition to accrued base salary and unpaid bonus amounts in the event of a voluntary termination (other than retirement) or a termination for cause.

- (1) Pursuant to Mr. Slingerlend's employment agreement, this amount is calculated as an amount equal to 5% of the prior year's actual bonus (\$310,896 for 2007) multiplied by the number of months of service in the year of termination (12 months assuming a 12/31/08 termination date).
- (2) For 36 months after termination, Mr. Slingerlend will receive medical insurance payments in cash, not to exceed \$1,000 per month, and coverage of long-term care premiums. Mr. Mancuso is entitled to medical insurance payments for 12 months, not to exceed \$1,000 per month, in the event of a termination not for cause.
- (3) The maximum amount payable for retirement at the age of 65 is determined by multiplying a benefit amount of \$200,000 by Mr. Slingerlend's tenure with us, not to exceed 20 years, using a discount rate of 5%. In the event of a change in control, the amount is 150% of the amount payable upon retirement.
- (4) 50% of 2008 base salary and target bonus are paid in the event of Mr. Slingerlend's death and 100% of 2008 base salary and target bonus is paid in the event of disability.
- (5) Proceeds of life insurance policy payable to Mr. Slingerlend's designated beneficiary.
- (6) Pursuant to their change in control agreements, each executive is entitled to payments equal to a multiple of salary and target bonus (3 times for Mr. Slingerlend, 2 times for Mr. Cheesbrough and Mr. Mancuso, 1 times for Mr. Hadzi and 1.5 times for Mr. Laugerud).

- (7) This number assumes a 2008 COBRA benefit of \$10,416 for Mr. Slingerlend, Mr. Hadzi and Mr. Mancuso (employee and spouse) and \$15,948 for Mr. Cheesbrough (employee, spouse and eligible child) each with an annual assumed 5% increase for 2011 and 2012.
- (8) Represents assumed outplacement costs for each executive and continuation of Mr. Laugerud's automobile allowance for 36 months for a total of \$72,864 (calculated at 1 GBP to 1.84 U.S. Dollar).
- (9) Mr. Cheesbrough's employment agreement entitles him to a severance payment in the amount of 39 weeks of base salary and one-fourth of the aggregate fully earned bonus compensation for the most recent three months to the date of termination if he is terminated between the thirteenth and sixtieth months of employment. For the purposes of this calculation, we have assumed a 12/31/08 termination date.
- (10) Mr. Laugerud is entitled to 9 months of his base salary as severance. His base salary for 2008 was \$414,600 at a conversion rate of 1 GBP to 1.84 U.S. Dollar.
- (11) Mr. Laugerud's life insurance benefit is three times his annual salary, not to exceed \$925,000.
- (12) Mr. Mancuso is entitled to 100% of his base salary in the event of a termination not for cause and 50% of his base salary in the event of disability or death. Mr. Hadzi is entitled to 3 months of his base salary in the event of a termination not for cause.

Below is a description of the assumptions that were used in creating the table. Unless otherwise noted, the descriptions below are applicable to all of the NEOs relating to payments upon termination or change in control.

Executive Covenants

As a condition to the executives' entitlement to receive the base salary amounts referenced in the table above, the executive is prohibited from competing with us or soliciting or hiring our employees for a period of 18 months following termination of employment. The executive is subject to liquidated damage provisions in the event of a breach of any of these prohibitions. In addition, the executive is required to execute a waiver of claims against us.

Payments and Benefits in Connection with Change in Control

Payments upon Termination

The executive will be entitled to certain benefits as described in the table above if the executive's employment is terminated by us other than for cause, by death or disability or terminated by the executive for good reason, as defined below, within the two year period immediately following a change in control. The executive's benefit under this provision is equal to a multiple of base salary, target annual cash bonus compensation and the value of any contributions or allocations made to any pension plan for the fiscal year.

A change in control means: (i) a 5% increase in the beneficial ownership of our securities by a person who is the beneficial owner of our outstanding securities representing 15% or more of the combined voting power of our then outstanding securities, or a person who becomes the beneficial owner of our securities representing 33% or more of the combined voting power of our then outstanding securities; or (ii) any individuals who constitute the Board and any new director whose appointment by the Board or nomination for election by our Stockholders was approved or recommended by a vote of at least two-thirds ($\frac{2}{3}$) of the directors in office cease for any reason to constitute a majority of the number of directors then serving; or (iii) a merger or consolidation in which we are not the surviving corporation (other than a merger or consolidation with a wholly-owned subsidiary or effected to implement a recapitalization in which no person becomes the beneficial owner of 33% or more of the combined voting power of our then outstanding securities); or (iv) approval of a plan of liquidation or dissolution by our Stockholders or the consummation of an agreement for the sale or disposition of all, or substantially all, of our assets other than a sale or disposition to an entity where at least 80% of the voting securities are owned by our Stockholders immediately prior to such sale.

Involuntary Not for Cause Termination and Termination for Good Reason

The executive will be entitled to certain benefits if we terminate the executive's employment for reasons other than cause or termination by the executive for good reason. A termination is for cause if it is for the willful and continued failure by the executive to substantially perform the executive's duties or the willful engaging by the executive in conduct which is demonstrably and materially injurious to us, considered as a whole, monetarily or otherwise. A termination by the executive for good reason means the (i) assignment to the executive of duties that are inconsistent with the executive's level of responsibility immediately before the change in control or any diminution in the nature of status of the executive's responsibilities; or (ii) a reduction by us in the executive's annual base salary, annual incentive compensation opportunity or long-term incentive compensation opportunity; or (iii) the relocation of the executive's principal place of employment more than 50 miles from the executive's principal place of employment immediately before the change in control.

Post-Termination Benefits and Perquisites

For a period of up to 36 months following a termination in connection with a change in control, we will provide the executive and the executive's dependents life, death, accident and health benefits and long-term care insurance substantially similar to that provided before termination reduced to the extent the same type of benefits are received or made available to the executive other than by us. We will also provide the executive with one year of outplacement services beginning with the executive's first use of such services. We assumed one year of outplacement services for the CEO would cost approximately \$20,000 and the cost would be approximately \$10,000 for other NEOs.

280G Tax Gross-up

Upon a change in control of the Company, the executive may be subject to certain excise taxes pursuant to Section 280G of the Internal Revenue Code. We have agreed to reimburse the executive for all excise taxes that are imposed on the executive under Section 280G and any income and excise taxes that are payable by the executive as a result of any reimbursements for Section 280G excise taxes. The total 280G tax gross-up amount in the above table assumes that the executive is entitled to a full reimbursement by us of (i) any excise taxes that are imposed upon the executive as a result of the change in control, (ii) any income and excise taxes imposed upon the executive as a result of our reimbursement of the excise tax amount and (iii) any additional income and excise taxes that are imposed upon the executive as a result of our reimbursement of the executive for any excise or income taxes. The calculation of the 280G gross-up amount in the above table is based upon a 280G excise tax rate of 20%, a 35% federal income tax rate, a 1.45% Medicare tax rate and a 4.63% state income tax rate. For the purposes of the 280G calculation it is assumed that no amounts will be discounted as attributable to reasonable compensation. The payment of the 280G tax gross-up will be payable to the executive for any excise tax incurred regardless of whether the executive's employment is terminated. However, the amount of the 280G tax gross-up will change based upon whether the executive's employment with us is terminated because the amount of compensation subject to Section 280G will change.

Equity Treatment in Connection with Change in Control

Pursuant to the provisions of our 1994 and 2004 Incentive Plans, vested options must be exercised within three months of the date of a voluntary termination or a termination other than for cause. In the event of retirement, vested options must be exercised within three months of the date of retirement if they are Incentive Stock Options and within 12 months of the date of retirement if they are Non-Statutory Stock Options. Unvested options are void for all purposes in the event of a for cause termination. The Board or a Board committee consisting of outside directors, as the Administrator of the Incentive Plans, may determine whether and to what extent to accelerate the vesting and dates of

exercise of all or any portion of the options in the event of a termination for all other reasons or in the event of a change in control. Vesting of unvested options in the event of termination for all other reasons is at the discretion of the Board as Administrator of the applicable incentive plan. In the event of death, vested options may be exercised by those entitled to do so under the laws of distribution and descent within 12 months following the date of the executive's death.

In the event of a change in control of the Company, the Board may, in its sole discretion, take any or all of the following actions: (a) accelerate the exercise dates of any outstanding options or make all such options fully vested and exercisable; (b) grant a cash bonus award to any option holder in an amount necessary to pay the option price of all or any portion of the options then held by such option holder; (c) pay cash to any or all option holders in exchange for the cancellation of their outstanding options in an amount equal to the difference between the option price of such options and the greater of the tender offer price for the underlying stock or the fair market value of the stock on the date of the cancellation of the options; (d) make any other adjustments or amendments to the outstanding options. The definition of a change in control in the Company's 2004 Incentive Plan varies somewhat from the definition in the change in control agreements. Under the 2004 Incentive Plan, a "change in control" occurs if: (a) any "person" or "group" (within the meaning of Sections 13(d) and 14(d)(2) of the Exchange Act), other than Bobby G. Stevenson or a trustee or other fiduciary holding securities under an employee benefit plan of ours or under a trust, the grantor of which is Bobby G. Stevenson, is or becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of more than 33⅓% of our then outstanding voting stock; or (b) at any time during any period of three consecutive years (not including any period prior to the Effective Date), individuals who at the beginning of such period constitute the Board (and any new director whose election by the Board or whose nomination for election by our Stockholders was approved by a vote of at least two-thirds of the directors then still in office who either were directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority thereof; or (c) our Stockholders approve a merger or consolidation, other than a merger or consolidation which would result in our voting securities outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least 80% of the combined voting power of our voting securities or such surviving entity outstanding immediately after such merger or consolidation, or the Stockholders approve a plan for our complete liquidation or an agreement for the sale or disposition of all or substantially all of our assets.

Other Post-Termination Benefits

Benefits under any of our benefit plans in which an executive is a participant will be available to the executive (or executive's estate in the case of executive's death) to the full extent of the executive's rights under such plan.

Non-qualified Deferred Compensation

We do not provide any nonqualified defined contribution or other deferred compensation plans.

PROPOSAL No. 2—AMENDMENT OF THE EMPLOYEE STOCK PURCHASE PLAN TO APPROVE AN INCREASE IN THE NUMBER OF SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE UNDER THE CIBER, INC. EMPLOYEE STOCK PURCHASE PLAN BY 2,500,000 SHARES

Background. The Employee Stock Purchase Plan (the "ESP Plan") was adopted by our Board of Directors in September 1994 and approved by the stockholders in October 1994. The ESP Plan was amended and restated effective February 11, 1998 and subsequently amended effective October 7, 1998,

May 10, 2001, February 19, 2002, April 27, 2004 and May 3, 2005. A total of 8,750,000 shares of Common stock have been reserved for issuance under the ESP Plan. On February 25, 2009, our Board of Directors approved an amendment to increase the number of shares reserved for issuance under the ESP Plan by an additional 2,500,000 shares, subject to approval of our Stockholders at the 2009 Annual Meeting. The request to increase the number of shares authorized under the ESP Plan at the 2009 Annual Meeting is in response to depletion of the Plan's authorized shares due to high employee participation and the current price of our Common Stock.

Description of Proposal No. 2. Proposal No. 2, which has been recommended by the Board for your consideration, asks you to approve an increase in the number of shares authorized for issuance under the terms of the ESP Plan by 2,500,000 shares. The current authorization is 8,750,000 shares. If you cast your Proxy FOR the proposal, you will authorize us to raise the maximum number of shares we may issue to employees enrolled in the ESP Plan to 11,250,000. If you cast your Proxy AGAINST the proposal, we will no longer be able to offer this benefit to employees because the ESP Plan will run out of authorized shares. Plans in the nature of the ESP Plan have become a standard benefit and part of an overall package offered by us to recruit and retain quality employees.

TEXT OF PROPOSED AMENDMENT TO CIBER'S ESP PLAN

Section V. of the Plan shall be deleted in its entirety and replaced with the following:

V. Stock Subject to Plan

(a) *Common Stock.* The stock which is purchasable by Participants shall be the authorized but unissued or reacquired common stock, par value \$.01 per share (the "Common Stock"). In order to have shares available for sale under the Plan, the Company may repurchase shares of Common Stock on the open market, issue authorized but unissued stock or otherwise. The maximum number of shares which may be sold to employees during any single purchase period shall be established by the Plan Administrator prior to the beginning of the purchase period; provided however, that the total number of shares which may be sold to employees throughout the entire duration of the Plan shall not exceed **11,250,000** shares.

The following is a summary description of the Employee Stock Purchase Plan. The following summary is qualified in its entirety by reference to the Employee Stock Purchase Plan, a copy of which is attached as **Exhibit A** to the electronic copy of this Proxy Statement filed with the SEC and may be accessed from the SEC's homepage (www.sec.gov). In addition, you may request a copy of the Employee Stock Purchase Plan by writing to us at CIBER, Inc., 6363 South Fiddler's Green Circle, Suite 1400, Greenwood Village, CO 80111, Attention: Corporate Secretary.

SUMMARY DESCRIPTION OF THE ESP PLAN

Purpose. The purpose of the ESP Plan is to provide employees of the Company with an opportunity to acquire a proprietary interest in the Company through their participation in a tax-qualified plan and to purchase Common Stock of the Company through payroll deductions. The ESP Plan provides for one offering during each three-month period. The purchase price per share is the lower of 85% of the fair market value of a share of Common Stock (the closing price on the New York Stock Exchange) on the first date of an offering period or on the last date of the offering period. The three-month offering periods commence on January 1, April 1, July 1 and October 1 of each year. The first offering period commenced on January 1, 1995. The Board of Directors has the power to alter the offering periods without stockholder approval.

Participation. Except as otherwise provided, every employee of the Company who, on the commencement date of each offering period is employed by the Company on a basis which customarily requires not less than 20 hours of service per calendar week, is eligible to participate in the ESP Plan and can elect to participate by delivering to the Plan Administrator an enrollment form (including a

purchase agreement authorizing payroll deductions) prior to the applicable offering date (the “Participant”). The purchase price of the shares is accumulated by payroll deductions over the offering period. The deductions cannot exceed ten percent (10%) or be less than one percent (1%), or such other rates as determined from time to time by the Plan Administrator, of a Participant’s compensation. A Participant may discontinue participation during an offering period, but a Participant may not increase or decrease the rate of payroll deductions in the ESP Plan during the offering period. Unless an employee’s participation is discontinued by delivery of a notice of withdrawal prior to the end of an applicable offering period, the purchase of shares occurs automatically at the end of the offering period at the applicable price. A Participant’s withdrawal from an offering does not have any effect upon such participant’s eligibility to participate in subsequent offerings under the ESP Plan.

The number of shares to be purchased by individual Participants under the ESP Plan is a function of Participant elections and the market price of the Company’s Common Stock, and therefore is not determinable.

Notwithstanding the foregoing, no employee is permitted to subscribe for shares under the ESP Plan if, immediately after the grant of the right to purchase shares, the employee would own stock (including options) possessing five percent (5%) or more of the total voting power or value of all classes of stock of the Company or of any Affiliated Corporation (as defined in the ESP Plan), or if the grant of such right would permit the employee to buy pursuant to the ESP Plan stock valued at more than \$25,000 for any calendar year.

Termination of Employment. If a Participant ceases to be an employee of the Company for any reason, including retirement or death during the purchase period, the Participant or Participants shall receive a cash refund of all payroll deductions made on behalf of the Participant during the offering period including any dollars carried over from the prior quarter, if any, through the date of the Participant’s cessation of employment.

Non-assignability. No rights or accumulated payroll deductions of an employee under the ESP Plan may be assigned or transferred for any reason other than by will or by the laws of descent and distribution.

Amendment. The Board of Directors has authority to amend or terminate the ESP Plan without stockholder approval; providing, however, that no amendment may be made to the ESP Plan without the approval of the stockholders of the Company if such amendment would increase the number of shares reserved under the ESP Plan, extend the term of the ESP Plan, alter the per share price formula so as to reduce the purchase price per share specified in the ESP Plan, materially modify the eligibility requirements, or materially increase the benefits which may accrue to Participants under the ESP Plan.

Tax Information. The ESP Plan, and the right of the Participant to make purchases thereunder, is intended to qualify under the provisions of Section 423 of the Internal Revenue Code of 1986. Amounts deducted from a Participant’s paychecks in order to purchase shares under the Plan are taxable as ordinary compensation income. The purchase of shares under the Plan, however, is not itself a taxable event even though the Participant pays less than market price for the shares (i.e., the “compensation” consisting of the difference between the market price and the purchase price—the discount—is not taxable at the time of purchase).

Sales of Shares Purchased Under the ESP Plan and Held For More Than Two Years After Date of Grant:

If the Participant sells shares purchased under the ESP Plan more than two years after the beginning of the purchase period during which he or she purchased the shares under the ESP Plan: (i) any gain up to the amount of the 15% discount from market price on the first day of the

purchase period will be taxable as ordinary income, and any further gain will be taxable as long term capital gain; and (ii) any loss will be treated as a long-term capital loss.

Sales of Shares Purchased Under the ESP Plan and Held Two Years or Less After Date of Grant:

If the Participant sells shares within two years after the beginning of the purchase period during which he or she purchased shares under the ESP Plan: (i) the difference between the purchase price and the value of the stock on the date of the purchase will be taxable as ordinary income in the year of sale (regardless of the market price of the shares at the time of sale), and any gain above this amount will be taxable as a capital gain (short-term or long-term, depending upon how long he or she held the stock); and (ii) any loss, after inclusion in the Participant's tax basis of the amount treated as ordinary income pursuant to (i) above, will be treated as a capital loss (short-term or long-term).

The foregoing is only a summary of the effect of federal income taxation upon the Participant and the Company with respect to the shares purchased under the ESP Plan. Participants should consult with an advisor for more complete information regarding tax consequences of the individual's participation in the ESP Plan.

Approval of the amendment to the ESP Plan will require the affirmative vote of a majority of the shares of Common Stock of the Company represented in person or by Proxy at the Meeting and entitled to vote on the subject matter.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL NO. 2

PROPOSAL No. 3—RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Background: The Audit Committee has selected the firm of Ernst & Young LLP ("E&Y") to act as our independent registered public accounting firm for the fiscal year ending December 31, 2009, and has further directed that management submit the selection of E&Y for ratification by the Stockholders at the Annual Meeting. E&Y audited our consolidated financial statements for the fiscal year ended December 31, 2008.

Description of Proposal No. 3: Proposal No. 3, which has been recommended by the Board for your consideration, asks you to ratify the selection of E&Y as our independent registered public accounting firm. Stockholder ratification of the selection of E&Y as our Independent Registered Public Accounting Firm is not required by our bylaws or otherwise. The Audit Committee believes that submitting the selection of E&Y to the Stockholders for ratification is advisable as a matter of good corporate practice. If the Stockholders fail to ratify the selection, the Audit Committee will consider whether or not to retain E&Y; however, the Audit Committee may select E&Y notwithstanding the failure of the Stockholders to ratify the selection. If the appointment of E&Y is ratified, the Audit Committee will continue to conduct an ongoing review of E&Y's scope of engagement, pricing and work quality, among other factors, and will retain the right to replace E&Y at any time.

The text of Proposal No.3, as you will see it printed on your Proxy, is "To ratify the appointment of Ernst & Young LLP as the Company's Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2009."

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2009.

Independence of Our Registered Public Accounting Firm. The Audit Committee has considered the issue of the independence of our registered public accounting firm and concluded that the provision of services by E&Y in 2008 is consistent with maintaining the registered public accounting firm’s independence.

Audit Committee Pre-Approval Policy

The Audit Committee has established pre-approval policies and procedures in compliance with 17 CFR 210.2-01(c)(7)(i) which include criteria for considering whether the provision of the services would be compatible with maintaining the independence of our registered public accounting firm and a process by which the Chairman of the Audit Committee may approve such audit and non-audit services with subsequent review of all pre-approved services by the full Audit Committee. The Audit Committee pre-approved all audit and non-audit services in 2008.
