**CIBER LAUNCHES SAP® BUSINESS ALL-IN-ONE SOLUTION  
FOR FABRICATED METAL INDUSTRY**

**GREENWOOD VILLAGE, Colo. – July 7, 2009** –CIBER, Inc. (NYSE: CBR) today announced the launch of the CIBER Fabricated Metal A1 Solution, a qualified SAP® Business All-in-One partner solution that offers fabricated metal companies software, implementation, hosting, and support features. This packaged implementation solution helps ensure a reduction in overall costs, as well as a decreased need for human resource investments for mid-market fabrication companies.

CIBER Fabricated Metal A1 Solution is based on the SAP Business All-in-One for Fabricated Metal Products Companies solution. This new fabricated metals solution offered by CIBER is a pre-configured set of fabricated metals processes. CIBER's proven implementation expertise combined with SAP's leading end-to-end set of best practice solutions provide a cost-effective solution that enables metals and mill companies to realize business benefits in a straightforward and speedy timeframe.

SAP Business All-in-One partner solutions are qualified by SAP and developed, sold and supported by SAP channel partners as a defined-scope implementation with consulting services. Qualified SAP Business All-in-One partner solutions are preconfigured, industry-specific versions of the SAP ERP application combined with SAP Best Practice offerings, enabling streamlined operations, lower costs and a proven path to growth. CIBER is able to offer the flexibility to accommodate the unique business needs of each customer.

“SAP and its partners offer midsize companies the solutions they need to help them weather the current economic storm and grow their businesses profitably,” said Tom Cooper, senior vice president, SME, SAP America, Inc. “With the CIBER Fabricated Metal A1 Solution, a qualified SAP Business All-in-One partner solution, customers can leverage CIBER's expertise in the fabricated metals industry

toward achieving their objectives of improved growth, lower costs and better understanding of business processes.”

CIBER’s Fabricated Metal A1 Solution includes all components of an inclusive implementation package, including software, hardware, implementation services, hosting, education, training, and post-production support.

CIBER’s long-term commitment to excellence in the fabricated metals industry led CIBER to create the CIBER Fabricated Metal A1 Solution. CIBER has completed more than 100 implementations of the SAP Business All-in-One solution, which positions it as a market leader.

“CIBER is thrilled to offer this All-in-One solution for fabricated metal companies,” said Jay Wheeler, senior vice president of the SAP Practice at CIBER. “As a leading provider of solutions to the metal manufacturing industry we are excited to consolidate our industry and SAP expertise into a solution for our mid-market customers, allowing them to benefit from the capabilities of an SAP solution.”

### **About CIBER, Inc.**

CIBER, Inc. (NYSE: CBR) is a pure-play international system integration consultancy and outsourcing provider with superior value-priced services and reliable delivery for both private and government sector clients. CIBER’s services are offered globally on a project- or strategic-staffing basis, in both custom and enterprise resource planning (ERP) package environments, and across all technology platforms, operating systems and infrastructures. Founded in 1974 and headquartered in Greenwood Village, Colo., CIBER now serves client businesses from over 40 U.S. offices, 25 European offices and seven offices in Asia/Pacific. Operating in 18 countries, with more than 8,500 employees and annual revenue of approximately \$1.2 billion, CIBER and its IT specialists continuously build and upgrade clients’ systems to “competitive advantage status.” CIBER is included in the Russell 2000 Index and the S&P Small Cap 600 Index. CIBER, the Reliable Global IT Services Partner. [www.ciber.com](http://www.ciber.com).

### **CIBER Forward-Looking and Cautionary Statements**

Statements contained in this release may constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These statements involve a number of risks, uncertainties and other factors that could cause actual results to differ materially, as discussed in the company's filings with the Securities and Exchange Commission. CIBER undertakes neither intention nor obligation to publicly update or revise any forward-looking statements.

### **SAP Forward-looking Statement**

Any statements contained in this document that are not historical facts are forward-looking statements as defined in the U.S. Private Securities Litigation Reform Act of 1995. Words such as “anticipate,” “believe,” “estimate,” “expect,” “forecast,” “intend,” “may,” “plan,” “project,” “predict,” “should” and “will” and similar expressions as they relate to SAP are intended to identify such forward-looking statements. SAP undertakes no obligation to publicly update or revise any forward-looking statements. All forward-looking statements are subject to various risks and uncertainties that could cause actual results to differ materially from expectations. The factors that could affect SAP's future financial results are discussed more fully in SAP's filings with the U.S. Securities and Exchange Commission ("SEC"), including SAP's most recent Annual Report on Form 20-F filed with the SEC. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of their dates.
