**CIBER ADDS TO SAP PARTNER CREDENTIALS
BY PROVIDING SAP® BUSINESSOBJECTS™ SOLUTIONS**

GREENWOOD VILLAGE, Colo. – Oct. 6, 2009 – CIBER, Inc. (NYSE: CBR) announced today that it is now authorized to resell the SAP® BusinessObjects™ solution portfolio, enhancing its status as an SAP services partner and SAP gold channel partner with the addition of this offering.

CIBER offers business intelligence solutions that provide customers with the necessary dashboards to analyze data and business trends. During this time of economic unrest, SAP BusinessObjects solutions provide business leaders the ability to make intelligent decisions based on a clear view of accurate data.

Through SAP BusinessObjects solutions, SAP offers a broad portfolio of tools and applications designed to help optimize business performance by connecting people, information, and businesses across business networks. With SAP BusinessObjects solutions, companies can improve operational efficiency, build profitable customer relationships, and develop differentiated product offerings. These solutions also aid in company growth plans. SAP BusinessObjects Edge Business Intelligence (BI) software is designed to address the specific requirements and needs of midsize companies. SAP BusinessObjects Xcelsius® Enterprise packages from CIBER, aimed at midmarket customers, start at \$40,000 for 10 users.

"We are pleased to offer the SAP BusinessObjects portfolio and expand our services as an SAP partner," said Jay Wheeler, senior vice president of CIBER's U.S. SAP Practice.

"CIBER offers the full lifecycle solution, and this is a complementary component to our larger offering."

“CIBER is proud of our breadth and depth of experience with business intelligence and we are excited to further expand our offerings to mid-sized companies with SAP® Business All-in-One solutions and SAP BusinessObjects Edge BI software,” said Dr. Khalid Mansour, vice president of CIBER’s Global Enterprise Integration Practice.

“More midsize companies are recognizing the need to incorporate BI functionality into their operations in order to analyze key business trends and make informed business decisions based on trustworthy, accurate data,” said Tom Cooper, senior vice president, SME, SAP America, Inc. “There is powerful synergy between SAP Business All-in-One and SAP BusinessObjects BI solutions. By offering both solutions to midmarket customers, CIBER is well positioned to deliver solutions to meet this growing demand.”

About CIBER, Inc.

CIBER, Inc. (NYSE: CBR) is a pure-play international IT outsourcing and software implementation and integration consultancy with superior value-priced services and reliable delivery for both private and government sector clients. CIBER’s services are offered globally on a project- or strategic-staffing basis, in both custom and enterprise resource planning (ERP) package environments, and across all technology platforms, operating systems and infrastructures. Founded in 1974 and headquartered in Greenwood Village, Colo., CIBER now serves client businesses from over 40 U.S. offices, 25 European offices and seven offices in Asia/Pacific. Operating in 18 countries, with more than 8,500 employees and annual revenue of \$1.1 billion, CIBER and its IT specialists continuously build and upgrade clients’ systems to “competitive advantage status.” CIBER is included in the Russell 2000 Index and the S&P Small Cap 600 Index. CIBER, the Reliable Global IT Services Partner. www.ciber.com.

Forward-Looking and Cautionary Statements

Statements contained in this release may constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. These statements involve a number of risks, uncertainties and other factors that could cause actual results to differ materially, as discussed in the company's filings with the Securities and Exchange Commission. CIBER undertakes neither intention nor obligation to publicly update or revise any forward-looking statements. CIBER and the CIBER logo are trademarks or registered trademarks of CIBER, Inc. SAP Forward-Looking Statement

Any statements contained in this document that are not historical facts are forward-looking statements as defined in the U.S. Private Securities Litigation Reform Act of 1995. Words such as “anticipate,” “believe,” “estimate,” “expect,” “forecast,” “intend,” “may,” “plan,” “project,” “predict,” “should” and “will” and similar expressions as they relate to SAP are intended to identify such forward-looking statements. SAP undertakes no obligation to publicly update or revise any forward-looking statements. All forward-looking statements are subject to various risks and uncertainties that could cause actual results to differ materially from expectations. The factors that could affect SAP's future financial results are discussed more fully in SAP's filings with the U.S. Securities and Exchange Commission ("SEC"), including SAP's most recent Annual Report on Form 20-F filed with the SEC. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of their dates.
