

HTC Global Services acquires Ciber, Inc.

Troy Michigan, June 08, 2017: HTC Global Services acquires the North American and India operations of Ciber, Inc., a global information technology consulting services and outsourcing company, headquartered in Greenwood Village, CO, USA.

According to Madhava Reddy, CEO, HTC Global Services, "This acquisition will further boost the organization's ability to deliver exceptional customer service, deep expertise in cutting edge technologies, and passionate focus on building trusting relationships."

The combined strength of both companies will enable HTC to offer customers a comprehensive set of services and solutions, and fulfill its strategic growth objectives across industry verticals. This acquisition will also help HTC in expanding its footprint in other parts of the US. The addition of Ciber's workforce will propel the company's growth into the marketplace.

As both companies share common and firm value systems, we foresee a bright and prosperous future with the ability to successfully compete with many levels of transformational technology.

About HTC Global Services:

- Over 27 years of IT solutions and experience in providing cost effective and innovative services across domains for a wide spectrum of global 2000 customers
- Quality and information security processes compliant to SEI CMM Level 5, ISO 9001, ISO 27001, and PCI DSS standards
- Global presence, large delivery centers, talented professionals, capabilities across multiple technologies, platforms and domains
